

Council for Life of Dallas

Empowering people to make life-affirming choices

Council for Life is motivated by Christ-like love and responsive concern and compassion. They are committed to raising public awareness of the complex issues that surround unplanned pregnancies and providing financial support to agencies that share their mission. They celebrate LIFE in all they do.

Since 2001, *Council for Life* has provided financial resources to area non-profit agencies that benefit men, women, and youth through pregnancy resource centers, adoption and foster care, maternity homes, youth mentoring, parenting and life-skills education, post-abortion counseling, sexual risk avoidance, and targeted media outreach campaigns.

You can become an advocate for life and be counted with those who believe in the worth and dignity of every human life.

Visit councilforlife.org to receive email updates and learn how you can support the work of advancing a culture of life.
